

ISCC'06 Technical Program at a Glance

Monday, June 26, 2006

8:30 -	Conference Registration at Hotel Flamingo	
8:45	Bus leaves from Hotel Flamingo to Polaris for Tutorials	
9:30 - 12:30	Tutorial 1 – Sala Conferenze Kostas Pentikousis and Milla Immonen, "Quality of Service in Heterogeneous Networks: Current Status, Examples, and Open Issues"	
13:45	Bus leaves from Hotel Flamingo to Polaris for Tutorials	
14:30 - 17:30	Tutorial 2 – Sala Conferenze Davide Carboni, "Peer-to-Peer Systems: Architectures, Algorithms and Applications"	Tutorial 3 – Sala Telecomunicazioni Manu Malek, "Security Mechanisms and Forensics"
19:30 -	Welcome Party at Hotel Flamingo	

Tuesday, June 27, 2006

8:30 - 9:00	Registration			
9:00 – 10:30	PLENARY SESSION – David G. Belanger, AT&T Labs "Evolution of Communications Research"			
10:30 -11:00	Coffee Break			
	Room 1	Room 2	Room 3	Room 4
11:00 - 12:45	Session 1: Wireless, Cellular, and Mobile Comm. I	Session 2: Security I	Session 3: P2P I	Session 4: High Performance Netw. & Protocols
12:45 - 14:15	Lunch			
14:15 - 16:00	Session 5: Wireless, Cellular, and Mobile Comm. II	Session 6: Handoff and Mobility	Session 7: Mobile Ad-hoc Networks	Session 8: Bioinformatics
16:00 - 16:30	Coffee Break			
16:30 - 18:00	Session 9: Sensor Networks I	Session 10: Signal Proc. Coding, and Comm. Theory	Session 11: Management of Telecom Services	Session 12: E-commerce and E- government
18:00 - 19:00	Organizing Committee meetings for ISCC 2007 and ISCC 2008			

Wednesday, June 28, 2006

8:30 - 9:00	Registration			
9:00 – 10:30	PLENARY SESSION – Bernard Barani, EC INFSO D Communications and Networks Technologies "R&D in the Field of Communications: Drivers and Requirements"			
10:30 -11:00	Coffee Break			
	Room 1	Room 2	Room 3	Room 4
11:00 - 12:45	Session 13: Web Services	Session 14: Security II	Session 15: P2P II	Session 16: Pattern Recognition and Classification
12:45 - 14:15	Lunch			
14:15 - 16:00	Session 17: Wireless, Cellular, and Mobile Comm. III	Session 18: Routing	Session 19: Modelling and Simulation	Session 20: Ethernet
16:00 - 16:30	Coffee Break			
16:30 - 18:00	Session 21: Sensor Networks II	Session 22: Optical Networking I	Session 23: Network Design, Optim. & Manag. I	Session 24: Parallel Processing
18:00 – 19:00	Steering Committee and Advisor Council meetings			
20:30 - 23:30	Gala Dinner			

Thursday, June 29, 2006

8:30 - 9:00	Registration			
9:00 – 9:45	PLENARY SESSION – Mario Gerla, University of California at Los Angeles (UCLA) "Large Scale Ad Hoc Networks: from Battlefield to Vehicle Grids and Urban Sensor Platforms"			
9:45 – 10:30	PLENARY SESSION – Ling Zhang, South China University of Technology (SCUT) "IPv6 in China"			
10:30 - 11:00	Coffee Break			
	Room 1	Room 2	Room 3	Room 4
11:00 - 12:45	Session 25: QoS	Session 26: Security III	Session 27: Mobile and Adaptive Services	Session 28: Packet Processing
12:45 - 14:15	Lunch			
14:15 - 16:00	Session 29: Wireless, Cellular, Mobile Comm. IV	Session 30: Distributed Systems Arch. & Manag.	Session 31: MPLS	Session 32: Data Mining & Know ledge Base Apps
16:00 - 16:30	Coffee Break			
16:30 - 18:00	Session 33: Sensor Networks III	Session 34: Optical Networking II	Session 35: Network Design, Optimization & Manag. II	Session 36: Digital Satellite Communications
18:00 - 18:30	Closing plenary and awards
